"OUTLAW" STRIKE OF RAILROAD EMPLOYEES CONTINUES TO GROW

New York Switchmen and Yardmen
Are Joined by Firemen and
Hudson Tube Trainmen Quit

TO KEEP UP THROUGH TRAINS

Railroad Managers and Railroad
Brotherhoods Had Expected to
Break Strike Today

INDIANAPOLIS IS AFFECTED

Yards Tied up by Walkout, Strikers
Declaring That Fully 1,000
Have Left Their Work

(By United Press.)

Chicago, Ill., April 10.—Meat shortages at large consuming centers was announced today in the Armour Company Weekly Journal. The switchmen's strike caused a falling off of receipts of live stock in the stock yards here.

The "outlaw" strike of railroad employees continued to be in effect today although the situation was reported "easier" in Chicago, at headquarters of the insurgent organizations.

The strike extends from Milwaukee, Indianapolis, Pittsburgh, Columbus, Ohio, and other railroad centers.

In New York the switchmen and yardmen were joined by the firemen.

The railroad officials are now making efforts to keep through trains running. Trainmen in the Hudson tube connecting New York and New Jersey also walked out.

Railroad managers and representatives of the railroad brotherhoods who are fighting the strike, declared they had expected to break it today.

They announced that the train crew first to strike had returned to work in Chicago.

Official estimates placed the number of strikers at 25,000. Thousands of men have been thrown out of work due to the closing of industries because of lack of fuel and raw materials.

The food supply which is also seriously affected by the strike, was reported sufficient to last until the latter part of next week. A serious shortage is predicted by that time if the strike has not ended.

The movement of dead freight in the yards of Indianapolis railroads has been practically brought to a standstill by the unauthorized strike of yard switchmen which started Friday afternoon and spread during the night until today all the switchmen in Indianapolis were reported out, except a few crews on the Indianapolis Union Railroad Company.

During the night the strikers held meetings to form an organization. While the men say that more than 1,000 have joined the strike, railroad officials say the number is not more than 700.

OVER HALF OF DETROIT PLANTS NEAR CLOSING

Detroit-Edison Co., Which Supplies
60 Percent of Factories, Has
Three Days Fuel Supply

ATTRIBUTED TO RAIL STRIKE

(By United Press.)

Detroit, Mich., April 10.—Sixty percent of the Detroit factories are faced with immediate curtailment of supplies, officials of the Detroit-Edison company said today.

The company's officers went into session today to decide on measures to combat with the fuel shortage due to the switchmen's and firemen's strike.

The Edison company supplies power to sixty percent of the factories of the city. They have only a three day supply of fuel on hand.

Meanwhile the strikers are meeting in a further attempt to formulate their demands.

Government Has No Program To Combat Strike

Appointment of Transportation
Board to Deal With Strike Under
Authority of Esch-Cummins Law
Declared Advisable.

(By United Press.)

Washington, April 10.—Faced with many demands for immediate action, the justice department officials had not decided on their policy in the "outlaw" railroad strike today.

Assistant Attorney General Ames who is in charge of the department's inquiry into the strike, said it was impossible to make any public statement.

Ames today was waiting for a report on the situation from the department of District Attorney Cline of Chicago. It is not known whether the injunction can be used in the present strike in effecting a determination, according to Attorney General Palmer's secretary.

The justice department's officials made no special arrangement to cope with the profiteers problem which resulted from the strike because of the interference with transportation of perishable food and dairy products.

At the White House appointment of a transportation board to deal with the strike under authority of the Esch-Cummins law was declared advisable.

The board it was stated, however, would not have authority to order the strikers back to work. It would only investigate and report its findings.

The government will be forced to intervene in the strike if it seriously interferes with transportation, it was said at the White House today.

OUT AFTER SCALPS OF REGULAR UNION HEADS

Radicals Desperately Fanning Last
Vestige of Fire in Wrath of
Rail Employees

STATEMENT BY UNION HEAD

(By United Press.)

Chicago, April 10.—Radicals seeking overthrow of heads of the railroad brotherhoods and regular switchmen's union are declared to be behind the "outlaw" strike which has spread through the country from coast to coast, S. E. Heberling, president of the Switchmen's Union of North America, charged today.

The radicals are "desperately fanning the last vestige of fire in the wrath among the railroad employees against their leaders in an effort to keep alive the strike and against organized railroad labor."

"Such success would mean that one big union would get control of all the railroad unions," Heberling declared.

BOLSHEVIKS CONCENTRATE

London, April 10.—Bolshevik forces have concentrated for an attack in Perekop in Crimea, a Constantinople dispatch today announced.

MRS. L. L. KELSO IMPROVES

Mrs. L. L. Kelso who was operated on the first of the week at Sexton's hospital for removal of a goitre, is improving slowly.

SHOWS IMPROVEMENT.

Mrs. Whalen Walker is slightly improved after being ill for several days with nervous prostration.

FIRST BREAK IN STRIKE

Kansas City, Mo., April 10.—The first break in the "rump" railroad strike came today with the return to work of the Rock Island switchmen and the Kansas City firemen.

ALFRED MATLACK ON TRIAL

Accused as Instigator of Fight Between Father and Son

Alfred Matlack was being tried this afternoon in Squire Stech's court on a charge of assault and battery, preferred by John Madden. A three cornered fight took place recently at the Park furniture factory, in which John Madden and his son Joe Madden are said to have had a part. Joe Madden paid a fine of \$5.00 and costs in this court on charge of assault and battery, and John Madden paid a dollar and costs on a provoke charge. In turn, a charge of assault and battery was placed against Matlack, it being alleged that he was the instigator or the third party in the fight and he entered a plea of not guilty when arraigned, and was being tried this afternoon on that charge.

VARIOUS STRIKES ARE NOTICED HERE

Express and Freight Shipments Are
Tied up From Four Leading
Markets in Country

AN EMBARGO ON EXPRESS

Parcels Post Business Takes Boost
and Many Heavy Packages
Are Being Received Daily

Rushville is beginning to feel the effects of the switchmen's strike in Chicago, St. Louis and other places since an embargo has been played on all shipments from and to those cities, as well as Cleveland and Buffalo.

The strike may seriously affect the local situation if it continues, as it may hinder shipments of fruit, meat and other commodities. The local express company is receiving only a small amount of shipments, and none from these four points or beyond them. Practically all shipments received here come from short distances, and beyond the limits of the strikes.

No shipments are being received by the local express office for destinations beyond the limits of the strike zone, as junction places are being tied up and swamped with goods going to a distant destination.

Local meat markets depending upon Chicago packing houses may be decidedly up against it, but as most of the meat here is either butchered locally or shipped from Indianapolis, it is not thought to be serious.

The postoffice notices a decided increase in the parcels post business, as an enormous amount is being received daily from the cities that are being shut out by the strikers. A count is being kept at the office here, both in the weight and number of parcels received and dispatched from the office.

The parcels post business while being increased as to the number of packages, is also being increased as to the weight and bulkiness. Many shipments come in that would probably be sent express under ordinary times.

The parcels post accepts packages in the first three zones up to 70 pounds in weight, and in the other zones a limit of 50 pounds is maintained.

AGED MAN SERIOUSLY ILL

Little Hope Held Out For Recovery
of William M. Alexander.

William M. Alexander is seriously ill at his home, 912 North Main street, and little hopes for his recovery was maintained today by the physicians. Mr. Alexander was taken ill last Sunday and has gradually grown weaker. He is almost 84 years old, and is the father of William A. Alexander and Mrs. Lenora Blackledge of this city. Mrs. Blackledge is enroute home now from Florida, where she has been spending the winter. Mr. Alexander's illness was brought on by uremic poisoning.

TWO CONTESTS FOR STATE DELEGATES

Six Candidates File on Republican
Ticket in Rushville Township
With Three to Elect

TWO IN RIPLEY TOWNSHIP

Candidates For Delegates For Each
Township on Both Tickets
—Last Day to File

Today was the last day candidates could file for delegates to the state convention, and at noon today every township in both political parties was filled with candidates, who aspired to be delegates.

A. L. Riggs, Republican county chairman, will be a republican candidate to the National Republican convention from the sixth district, his friends stated today.

The democratic delegates from the townships will not have any opposition in the primary election, and in Richland and Noble townships, one delegate will represent these two townships jointly.

In Rushville township, the republicans are entitled to three delegates, and there are six candidates, which means that the three having the highest number of votes will be elected at the primary election, May 4.

The six candidates that have filed from Rushville township are Glen Miller, Alonzo Stewart, Elmer Hume, Gwyn Gordon, Albert Denning and Walter Cunn. Mr. Denning is said to be a strong supporter of Leonard Wood, while Albert Cunn is said to be equally strong as an anti-Wood supporter. Alonzo Stewart, it is said, is a Lowden supporter, and one or two others are in favor of voting for an unaffiliated delegation from Indiana.

Each township except Rushville has one delegate to the republican convention. Ripley has two candidates, and it will be necessary to express an opinion, thus eliminating one. In all other townships outside these two there is only one candidate.

The Republicans that have filed are as follows: Ripley, Fred Brooks and J. A. Sipe; Union, Alva O. B. B. Walker, Adam Richey; Orange, Orville Easley; Noble, Charles Newhouse; Richland, Otis L. Miller; Washington, Charles H. Elwell; Rushville, Glen Miller, A. L. Stewart, Elmer Hume, Gwyn Gordon, Albert Denning and Walter Cunn; Posey, Frank Lawrence; Center, John T. Bowles and Jackson, H. J. The Democrats that seek to be delegates are as follows: Center, T. R. Divilbiss; Richland and Noble, James H. Tarplee; Anderson, Cliff Winship; Union, George F. Billings; Jackson, Thomas Miles; Ripley, M. F. Lovett; Rushville, Douglas Morris; Posey, Elihu Price; Orange, John Benning; Walker, Sylvia Hodge; Washington, Carl Ging.

The Democrats that seek to be delegates are as follows: Center, T. R. Divilbiss; Richland and Noble, James H. Tarplee; Anderson, Cliff Winship; Union, George F. Billings; Jackson, Thomas Miles; Ripley, M. F. Lovett; Rushville, Douglas Morris; Posey, Elihu Price; Orange, John Benning; Walker, Sylvia Hodge; Washington, Carl Ging.

NAVY REORGANIZATION WILL BE RECOMMENDED

Sub-Committee of Senate Votes To
Take This Action Following
Probe of Sims Charges

PROTEST LIKELY TO BE MADE

(By United Press.)

Washington, April 10.—Recommendations for complete reorganization of the navy will be made by the senate sub-committee which has been investigating Rear Admiral Sims charges, it was declared today.

The sub-committee of the naval committee which has been conducting the probe, came to this decision by a strict party vote.

Senator Pittman and Senator Trammell announced they would protest to the full committee that the sub-committee had no authority to go beyond an investigation of Sims' criticism which was refusing to let the navy co-operate with him, which prolonged the war.

COMPANY ENJOYS PROSPEROUS YEAR

Annual Reports Heard and Directors
Are Elected at Annual Telephone
Meeting

NET EARNINGS ARE \$7,460.42

During Fiscal Year \$14,559.42 Added
to Value of System—2,106
Phones in Use

The complete report, in detail of the secretary and manager of the Rushville Co-operative Telephone company, will be found on page 3 of today's issue.

Net earnings of the Rushville Co-operative Telephone company during the fiscal year ending April 1 amounted to \$7,460.42, according to the report of George H. Davis, manager, which was made at the annual meeting of the stockholders in the court house assembly room last night.

The only other business transacted, aside from approving the report of the managers and secretary, was the election of four directors for a period of two years: J. M. Amos, Vern W. Norris and R. F. Scudder were re-elected and Dr. Frank H. Green was elected to fill the vacancy caused by the resignation of Dr. Will S. Coleman, who is now residing at Miami, Florida. The other three directors whose terms expire next year are, Robert L. Tompkins, John H. Frazee and Frank Cunn.

On the motion of Dr. Green, the stockholders unanimously extended a vote of thanks to the directors, officers and employees of the telephone company.

Although the question of extending the Rushville telephone system in the county was not discussed at the meeting, it is known that the board of directors has under consideration plans for enlarging the system so that larger territory will be covered by free telephones.

It is reliably reported that the board is now discussing the advisability of installing automatic exchanges at Homer and Sexton, similar to the one established at Glenwood during the past year, and that other plans are on foot which may be realized during the coming year.

The assets of the company were listed in the manager's report as follows: land and buildings, \$17,000.00; central office equipment, \$39,737.29; station equipment, \$27,769.14; exchange lines, \$83,057.68; poles, \$2,116.71; general equipment, \$3,064.12; cash on hand, \$73.12; due from subscribers, \$1,725.98; material and supplies, \$1,479.10; special fund including bonds and war savings stamps, \$12,662.20 making the total assets \$168,801.49. The liabilities included, according to the report, capital stock, \$10,000; depreciation reserve, \$50,312.22; surplus invested in plant and equipment, \$108,489.27.

There was an increase of \$4,454.78 in gross receipts during the year, the secretary's report showed, the total for the last fiscal year amounting to \$46,518.03 as compared with \$42,063.25 the previous year.

Operating expenses mounted along with receipts, the secretary's figures revealed, amounting to \$3,815.08 more last year than the year before. The expense of running the system during the year ending April 1 was \$20,477.53 and the year before it was \$16,622.45.

The reports disclosed that the business of the company continues to grow and that improvements and extensions are being made every year. There was a net gain of 157 telephones during the year and \$14,559.42 was added to the value of the system.

On April 1, 1919 the company had 1,949 telephones in service and on last April 1 there were 2,106 phones in use, consisting of 317 business phones, 1,647 residence phones and 142 extension phones.

The number of phones in use would be much greater if it were possible to buy more phones. The manager reports that there are now approximately 70 orders for telephones.

DIVISION OF PRIZE MONEY IS REVISED

Five Awards Will be Made in Each
Township in Manilla Bank's
Pig Feeding Contest

PRIZE MONEY TOTALS \$175

April 30 Last Day to Enter as Feeding
Starts First Week in May
—Show in The Fall

Plans have been completed by the Manilla bank, co-operating with County Agent East of Shelby county and County Agent Ball of Rush county for the organization of the Pig Club and Pig Feeding Contest for the boys and girls of Walker and Orange townships, Rush county and Union township, Shelby county.

The division of prize money has been revised from that previously announced. The \$175.00 which the bank offers as prizes will be distributed as follows: Five prizes will be given in each township, consisting of \$15.00 for first prize, \$12.50 for second, \$10.00 for third, \$7.50 for fourth, and \$5.00 for fifth. In addition to township prizes, a \$25.00 cash sweepstake prize will go to the boy or girl making the highest score in the contest.

The contest is open to any boy or girl between the ages of 10 and 18 years who reside in the above named townships, and any boy or girl interested is invited to call at the bank and enroll in the contest.

The contest will close with a cash show to be held in Manilla this fall, probably in September, and the winners will be decided at that time. It is expected that this show will create a great deal of interest, because already the townships are displaying interest in this project and strong rivalry will no doubt be developed between the three townships for first honors.

As the feeding is to start about the first week in May, April 30 has been set as the last day for entering the contest and by this date at least ten boys and girls in each township are expected to be enrolled. According to the rules, a township must have at least five entries to be counted in the contest.

The rules governing the contest follow:

1. Membership is limited to boys and girls who are not less than ten years of age, not more than eighteen on July 1, 1920.
2. Each member must secure at

THREE CHAUTAUQUA DIRECTORS RENAMED

Reports of Secretary and Treasurer
Are Read at Annual Meeting
of Guarantors

BOARD MEETS NEXT FRIDAY

The three directors of the Rush County Chautauqua association, whose terms expired this year, were re-elected at the annual meeting of the guarantors last night and the annual reports of the secretary, A. M. Taylor, and treasurer, F. E. Wolcott, were read. The meeting was held in John D. McGee's office and attended by about twenty-five guarantors.

R. G. Budd, E. R. Casady and Robert A. Innis were re-elected to the board, the remaining members of which are: Dr. J. B. Kinsinger, F. E. Wolcott, L. L. Allen, John D. McGee, R. O. Simpson and Hugh W. Moore. The board will meet next Friday night to elect the officers of the chautauqua.

One member of the program committee was present and discussed plans for the program at this year's assembly, which will be held August 9 to 13. It was reported at the meeting that the Milroy chautauqua, which will be free, would conflict with the chautauqua here, but this was found today to be incorrect. The date for the Milroy chautauqua has not been set and the people in charge there said a conflict would be avoided.

WALTER E. SMITH—Money to Loan. 1126

WHEAT CROP IS DISCOURAGING

Only Sixty Percent of the 1,960,000 Acres Seeded Last Fall Will Make a Paying Crop

RYE IN GOOD CONDITION

Food and Live Stock Production Will be Curtailed 15 Percent Compared With Last Year

The condition of the wheat crop in Indiana is very discouraging, according to the monthly report of the state co-operative crop reporting service issued today. Only 60 percent of the 1,960,000 acres seeded last fall will make a paying crop; the other 40 percent may return the seed under favorable weather conditions. Rye is about an average crop. Brood sows are being sold at an alarming extent and farm lands are practically unobtainable. The report follows:

The outlook for winter wheat in Indiana this year is very discouraging; the condition as compared with normal being only 59 percent, indicating a crop of only 21,540,000 bushels. In some counties the crop is almost a failure, while in others, where weather conditions for seeding at the proper time were favorable, it is fairly good. The early sown wheat which approximates 25 percent of the 1,960,000 acres seeded, was badly infested with Hessian fly last fall and will not much more than return the seed unless very favorable weather is had from now on. Fall rains and floods in the south part of the state delayed seeding in those sections to the extent of 15% of the acreage which can not make much of a crop even with favorable weather conditions. The remaining 60 percent of the acreage which was seeded at the proper time, under favorable weather conditions, has been damaged to some extent by freezing and thawing and by ice staying too long on the low places. Many of the poorer fields in the north part of the state will be disked and seeded with oats or barley and some that ordinarily would be seeded to other crops will be let stand because of the shortage of labor.

Neither weather conditions or insects have damaged the rye to any great extent. While some of it has been pastured pretty heavily it all seems to be coming out in good shape and will make about an average crop. The condition at this time is 80 percent of normal, and indicates a crop of 4,706,000 bushels.

Continued declining markets, the high price of feed and sows not doing well at farrowing time has influenced farmers to sell their brood sows to an alarming extent. At the present time there are only 86 percent as many on farms as April 1, 1919, and the reduction still going on. Due to the extreme cold weather this spring the sows are farrowing small, weak litters and the loss of pigs is much greater than usual.

The number of farm hands is only 83 percent of the supply on April 1, 1919, while the requirements compared with last year are 100 percent. This condition is due primarily to the higher wages and shorter hours men can secure in cities. At the present time single men are practically unobtainable at any price. In some instances married men can be secured where good tenant houses are located on the farm, but these men are usually employed by the year and do not help much where temporary labor is wanted.

Too Much Court.

"What I would like in the way of a wife would be an old maid with a big fortune." "You couldn't get such a wife. No woman with a big fortune has half a chance to be an old maid."

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Commissioners of Rush county, State of Indiana, up until 10 o'clock A. M. on

Tuesday, May 11th, 1920 for the construction of the Sabert S. Offutt et al. road in Rush county, under the County Unit Highway Law, according to plans and specifications now on file in the auditor's office. Said road to be constructed of concrete, is 51,238 feet in length. Estimated cost \$287,703.70.

Bids must be accompanied by bond as required by law.

The Board reserves the right to reject any and all bids.

Witness my hand and seal this 6th day of April, 1920.

RICHMOND BOY WINS DISTRICT CONTEST

Miss Louise Parish of Carthage, Rush County Representative, in Fifth Place

TWO LOCAL MEN ARE JUDGES

James Hackman of the Richmond high school won the district oratorical contest held in Connersville last night, when six schools from as many counties took part in a discussion on the subject, "The Railroad Problem." Miss Louise Parish of Carthage represented Rush County, and was awarded fifth place by the judges.

Of the seven counties in this district, all but one, Union, had representatives — Richmond, Fortville, Connersville, Carthage, Shelbyville and Newcastle, and of this number Miss Parish was the only girl taking part in the contest.

Following was the standing of the orators: James Hackman, Richmond, first; Sinka Tatman, Connersville, second; Fortville, third; Ralph W. Adams, Shelbyville, fourth; Miss Parish, Carthage, fifth and Edward Morsch, Newcastle, sixth.

The board of judges was composed of A. H. Hines, superintendent of the Cambridge City schools; the Rev. L. E. Brown, pastor of the Main Street Christian church, Rushville, and John A. Titsworth, attorney of this city.

SCHOOL ENUMERATION BEGINS IN RUSHVILLE

Work of Taking Count of People of School Age in Hands of Miss Mary Louise Miller

CAREFUL COUNT IS IMPORTANT

The annual school enumeration in the city of Rushville began this morning and ends April 30, with Miss Mary Louise Miller, a high school student, having charge of the work. Miss Miller will probably experience some difficulty in her work because many people will be of the opinion that she is engaged in taking the census population.

The enumeration differs from the federal census mainly in that it deals with the same people each year as individuals. What the school enumerator wants is the name of each member of the family who is of school age from six to 21 years old.

People must not be confused about the age, as 21 years is the limit, even though a daughter or son has graduated from school. For each one of these reported of school age, the city will receive \$5.00 annually from the state. The money is prorated to the various school cities from the state school tax and the interest on the state school fund.

BALDWIN LOAN CO—Money to loan.

MANY PEOPLE MISUSE 1 CENT POSTAGE STAMP

Postal Clerks Say That Patrons Are Confused About Mailing Letters Locally For One Cent

LETTERS REQUIRE 2 CENTS

The local postoffice employees stated today that it was surprising how ignorant many Rush county people are regarding the postal regulations, especially the use of the one cent stamp, and in the last few weeks an increase in the misuse of the one cent stamp on sealed communications has been noticed.

The clerks at the postoffice here are of the opinion that people became confused when the three cent and two cent letter rate was in effect. After the three cent rate was discontinued, many people probably were under the impression that local letters could be sent for one cent. This rate never applied, and any written communication, whether sealed or not, must be under a two cent stamp, whether in Rushville or to far distant places.

Printed matter, such as circulars and invitations, bearing no writing, can be mailed, in an envelope for one cent, provided that it is not sealed, but a letter or anything personal, must be sent with a two cent stamp whether sealed or unsealed. Written invitations are often times sent for one cent, which means that the receiver pays the additional cent.

FARM STOCK

SHEEP SCABIES ERADICATED

More Than Ten Million Dippings Made by Employees of the Department of Agriculture.

In the work of eradicating sheep scabies from the United States employees of the United States department of agriculture made more than 22 million inspections and supervised more than ten million dippings during the last fiscal year. The work was conducted in co-operation with state officials. No cases of sheep scabies are now known to exist in Montana or North Dakota, in addition to numerous other states where the disease had previously been eradicated. In Idaho a spread of the in-

Dipping Sheep for Scabies. Infection during the previous year has been brought under control. Sheep scabies is a disease that has been prevalent chiefly in the western part of the United States.

KEEPING CATTLE AND SWINE

It Remains to Be Determined What Are Most Common and Best-Paying Propositions.

The keeping of cattle and of swine appear to be almost inseparable operations. This fact is being brought out in the returns of the "Better Sires—Better Stock" crusade of the agricultural colleges, the United States department of agriculture and co-operating agencies. This general practice has long been known, but much more definite information is being gathered, and the purpose is to extend it to such an extent as to determine the relationships among all meat animals.

If nearly every man who keeps cattle also keeps hogs, and if nearly every man who keeps hogs also keeps cattle, the inevitable conclusion is that the combination pays, especially when purebred sires are used. But it remains to be determined what are the most common and the best-paying proportions. The same thing applies also to combinations of cattle and sheep, or swine and sheep, or cattle and sheep and swine. One benefit of the work will be that it will enable the man of small personal experience to avail himself of the wide experience of a great number of men in working out the combinations of meat animals that he will carry on his farm.

NO CHARGE MADE TO CHANGE BONDS

Opinion That Holders of Third Liberty Bonds Must Pay When Converting Them is Unfounded

BANKS MAKE THE CHANGE

Temporary Coupon Bonds Should be Exchanged For Permanent Bonds and Will be Delivered Free

Holders of third Liberty Loan coupon bonds have started to exchange their temporary certificates into permanent bonds in the Seventh Federal Reserve district, according to the reports of the Federal Reserve Bank of Chicago. As the returns are beginning to come in the officials of the reserve bank wish to reiterate the statement made in March, when the first exchanges were made, that there is absolutely no charge to the bond holder for the exchange.

"The government makes no charge for the exchange of temporary into permanent bonds," said a Federal Reserve bank official. The temporary ones may be surrendered through banks and trust companies and forwarded by them to the Federal Reserve Bank of Chicago. The new bonds will be delivered at the expense of the United States. The bank wishes to make this point clear to all holders of Liberty bonds so they will know officially that no bank has the right to charge anything for effecting the exchange.

In this district there is outstanding approximately \$502,000,000 of the third loan bonds, dated May 9, 1918 and maturing September 15, 1928. To this issue there was close to 3,450,000 individual subscribers. The reserve bank has supplies of the permanent bonds of the first and second 4s and first and second 4 1/2s. In round number, there is \$518,000,000 of these four classes of bonds outstanding in this district.

In making exchanges on the first and second 4s the treasury department has ruled that deliveries of permanent bonds will consist of first and second 4 1/2s, unless the holder requests otherwise. As there is no advantage in possession of the 4 percent bonds, it is expected that many exchanges in this manner they will be practically eliminated from the market.

The first 4s represent conversions of the first 3 1/2 percent Liberty Loan bonds to the 4 percent bonds of the Second Liberty Loan. The second 4s are the original second loan. There is every advantage in converting these to the 4 1/2 percent bonds of the third Liberty Loan, as they retain their original maturity dates.

The first 4s have been without an interest coupon since last December; the second 4s since November. This interest will be fully adjusted on the exchange into permanent bonds.

ASKS PERMISSION TO BUY THE FIRST STOCK

A. J. Mahin Says He Wants to Show His Confidence in Cummings Vote Register Corporation

OFFICE BEING PUT IN SHAPE.

A. T. Mahin, superintendent of the water and light plant, who was in a measure responsible for the Cummings Vote Register Corporation located in Rushville, asked permission to have the first block of stock issued to any person living in Rushville, and it was granted, according to officers of the corporation today.

It was stated that Mr. Mahin, in common with scores of other Rushville men, convinced that the Cummings voting machines will find a ready market and that the corporation will be successful and that he wanted to show his confidence in the company by purchasing stock.

"We are not making any effort to sell stock to Rushville people," said E. W. Roberts, a director of the corporation, today, "because we are finding a ready market for the stock elsewhere, but we will dispose of stock to any one who wishes to buy it."

The office of the corporation, on the lower floor of the Cuffer building at 106 East Second street, was rapidly being put in shape today, and officers of the concern will come here Monday for permanent residence. The voting machine is on display there and was demonstrated before scores of people yesterday and today.

Annual Financial Report

Rushville, Ind., April 9th, 1920.
TO THE OFFICERS AND STOCKHOLDERS OF THE RUSHVILLE CO-OPERATIVE TELEPHONE CO.

The Company has War Savings Stamps	833.00
Total	\$12833.00
M. V. SPIVEY, Secretary.	

To the Stockholders of the Rushville Cooperative Telephone Co.

Gentlemen:—
On April 1st, 1919, the company had 1949 telephones in service, and on April 1st, 1920, there were 2106 telephones in service, consisting of 317 business phones, 1647 residence phones and 142 extension phones, making a net gain of 157 telephones for the year.

As shown by the Secretary's report, the gross receipts for the year were \$46,518.03. Last year the gross receipts were \$42,063.25, showing an increase in gross receipts for the year of \$4,454.78 over last year.

The operating expenses for this year were \$20,477.53. Last year's operating expenses were \$16,662.45, making an increase of \$3,815.08 in operating expenses over the previous year.

During the past year there was \$14,559.42 added to the value of the system; in this amount is included the cost of the land, building, switchboard, telephones, cable, poles, wire and other material used in building the Glenwood Exchange; also a new 100 line section of switchboard for the Rushville Exchange, and the cost of the telephones added to the Rushville and Milroy Exchanges. \$7,460.42 of the amount added to the plant was the net earnings of the company above all operating expenses, including depreciation. The balance, \$7,099.00 was borrowed from the amount set aside during the year for depreciation, and cannot properly be called a net earning.

The following is a balance sheet, showing the assets and liabilities of the company as of April 1st, 1920.

ASSETS

PAYMENT UNPAID PLEDGES IS URGED

Those Who Subscribed For Roosevelt Memorial Fund Last October Should Make Good

160,000 PLEDGES IN STATE

Plans For Erection of Monument in Washington Are Now Under Consideration by Committee

Indianapolis, Ind., April 10.—William Boyce Thompson, President of the Roosevelt Memorial Association has issued an appeal for the payment of all unpaid pledges to the Memorial Fund which were made during the October campaign, 1919. Residents of Indiana should remit direct to William C. Bobbs, state chairman, 18 E. Vermont Street, Indianapolis. Those who did not avail themselves of the opportunity for contributing during the October campaign are invited to do so now.

Total cash and pledges raised to date in Indiana exceed \$85,000, of which amount \$13,000 was contributed by the public schools. Marion County raised \$23,602 including \$3,385 contributed by school children. Four counties exceeded their quotas, raising the following amounts: Allen \$7383; Fayette \$1,639; Franklin \$867; Union \$702.

Over 160,000 citizens of Indiana contributed to the Memorial Fund, which record, on a proportionate basis it is said has not been equalled by any other state. Collections in Indiana so far received have enabled the state committee to remit \$35,000 to the Roosevelt Memorial Association and \$15,000 to the Woman's Roosevelt Memorial Association, which association has already purchased Theodore Roosevelt's birthplace at 28 East 20th Street, New York City and is now engaged in restoring the home with original furnishings.

The plans for the monumental memorial to be built in Washington by the Roosevelt Memorial Association are under consideration by the Fine Arts Commission, which under authority granted by congress, controls the ultimate design of public buildings and monuments erected in the District of Columbia.

MRS. ROY F. MORTON DIES

Former Rushville Woman Expires at Colorado Springs

Word has been received here today of the death of Mrs. Roy F. Morton, who died at her home in Colorado Springs, Colo., of double pneumonia following influenza. Her husband is also seriously ill with the disease. Mrs. Morton was well known here, having formerly lived here. She is survived by three children, two sisters, Mr. H. C. Cryer, of Cincinnati; formerly of this city, and Mrs. George G. Ellis of Indianapolis; three brothers, Fred Albert and Hugh Mackenzie, all of Washington, D. C. The funeral services will be conducted at the home of Mr. and Mrs. Cryer in Cincinnati some time next week.

COULD NOT STAND STRAIGHT

It does not take long, when the kidneys are out of order and not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Diamond, 2865 W. 30 St., Cleveland, O., writes: "I caught cold and it settled in my kidneys. My back and sides were so lame and sore I could not stand straight. I use Foley Kidney Pills with good results and am glad to testify to their helping power." F. B. Johnson.—(Adv.) 2

Linoleums

Let us pause and reflect a moment on the fact that the Linoleum is ever increasing in its popularity as a floor covering. It is of necessity the most sanitary of all coverings. Nothing else we might suggest seems just as practical.

Added to these first necessities is the fact that the designers of today have changed the Linoleum into a thing of artistic beauty.

WE WISH TO SHOW YOU OUR DISPLAY AND TELL YOU MORE ABOUT IT.

DIVISION OF PRIZE MONEY IS REVISED

Continued from Page One

least one pig to feed and care for. Three or more pigs in feeding contest can be cared for as easily as one pig.

3. Each member must care for and feed his pig or pigs in person and must keep a record of the food given and the pasture grazed. The weights must be recorded when he begins to feed the pig and at stated intervals so as to determine the gain. The date of farrowing must also be recorded when possible.

4. The feeds used by all contestants will be charged at the same price. The price list will be sent out about May 10.

5. Each member must agree to study the instructions sent him from the United States Department of Agriculture and the Extension Department of Purdue University, and to send reports of the work done to the County Agent, who will forward same to the Extension Department and to enter a contest pig in Club Show to be held at Manila, Fall 1920.

6. The record blanks will be furnished the member. When the record is completed it must be certified to by two disinterested persons.

7. The pigs must be weighed at the beginning or the weaning time and again at the end of the demonstration. If weighed more often, it will be better.

8. In order to win a State prize the club member must feed his pig until it weighs 200 pounds or more, or for a five months feeding period.

9. The member shall buy the pig and feed and receive the profit.

10. Contestant must mail entry card not later than April 30, 1920, to the Manila Bank.

11. There must be at least five contestants in each township.

The following cash prizes are offered in each township:—1st prize \$15.00; 2nd prize \$12.50; 3rd prize \$10.00; 4th prize \$7.50; 5th prize \$5.00.

Sweepstakes \$25.00 (at least two townships must be entered in contest for sweepstakes).

The basis of award for market hogs is:

- (a) Best market hog 30%
- (b) Greatest daily gains 20%
- (c) Cheapest cost, production 30%
- (d) Best kept record and story 20%

You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism; backache; kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headache and sluggish bowels. F. B. Johnson.—(Adv.)

"HAYSEED" IS NOW A THING OF THE PAST

Indianapolis Hotel Clerk Says That City People are The Real Green-Horns On The Streets

"JAKES" ARE WELL DRESSED.

Indianapolis, Ind., Apr. 10.—There is one thing they don't grow in the country any more: and that is the country greenhorn. They grow 'em in the city now, in the view of Don Bernauer, Indianapolis hotel clerk who served with the A. E. F.

The once familiar "hayseed" of pre-war days is now the "country's best" well dressed and well supplied with money who comes to town in fine automobiles, Bernauer said.

"Day after day, young men of the country with college degrees to their credit come to town to see the shows and buy clothing," the clerk said. "Nothing green about them."

"They know what they want and they have money in their pockets to pay for it. They may not be authority on billiards and pool playing, but when it comes to an argument on raising corn and hogs, they are in the elements."

"The greenhorn exist only on the street of the big city."

NOTICE TO VOTERS OF RUSH COUNTY

In the Matter of Petition for Improvement of Public Highway in Rush County, Indiana, under the County Unit Highway Law, by Sabert S. Offutt et al.

Notice is hereby given that the viewers and engineer in the above entitled cause did on the 30th day of March, 1920, file a report in which the cost of construction of said improvement as heretofore ordered, is estimated at \$287,703.70, and that the County Council of Rush County, Indiana, approved said report and estimated cost of said improvement and its construction on April 5th, 1920. Said matter is set hearing on Monday, May 10th, 1920.

Witness my hand and seal this 6th day of April, 1920.

Mrs. Lee Pyle will be hostess for the members of the S. E. T. club Tuesday afternoon at her home in North Morgan street.

The Coterie will be entertained Monday afternoon at the home of Mrs. Jabez Winship in North Morgan street. All the members are urged to attend.

Mr. and Mrs. Charles Hendricks entertained with a six o'clock dinner party last evening at their home in West Second street. The guests were Mr. and Mrs. Gene Roth of New York City and Mrs. Ernest Crawford of Connorsville.

The Psi Iota Xi sorority will meet Monday night with Mrs. Russell Kirkpatrick in North Harrison street. The grand inspectress, Miss Harriett Bowman of Muncie, will be here. The meeting is scheduled to start at 7:30 o'clock and at 8:30 an informal reception will be given. The inactive members are cordially invited to attend.

Mrs. E. R. Jeffries and Miss Marian Fry entertained with an informal party last evening at the home of the latter in Palmyra, honoring the fifteenth birthday of their niece, Miss Emily Brown. Between forty-five and fifty guests were present, including members of the high school. The evening was spent in playing games, contests and music. The home was decorated in carnations and other spring flowers. At a late hour dainty refreshments were served.

The sum of \$65 was cleared at the charity card party given in the Social club rooms yesterday afternoon by the Tri Kappa sorority. The proceeds of the party will be used for the benefit of the County Board of Children's Guardians, which the sorority is helping to finance. One hundred guests were in attendance and sixty-eight played cards during the afternoon. A musical program was given which consisted of selections on the piano and violin by the Misses Lillian Priest, pianist and Mary Louise Wyatt, violinist; a vocal solo by Mrs. Edith Buell Ashworth, accompanied on the piano by her sister, Miss Olive Buell, and readings by Miss Lavina Compton. A delicious course luncheon was served to the guests present.

The sophomore class of the Webb high school and several invited guests were delightfully entertained with an informal party at the home of Mr. and Mrs. John O. Hill Thursday evening. The evening was spent in games, music and contests. At a late hour dainty refreshments were served. The guests were the Misses Hazel Harrold, Myrtle Ormes, Mary Hungerford, Violet Watson, Harriet Halteman, Elvira Mull, Tinsel Merrill, Orpha Waggoner, and Waldo Mohr, Byron Talbert, Moll Sampson, Lafayette Lower, Bryce Mull, Merrill Shaffer, Harold Waggoner, Herman Hurst, Arnold Myers and Ralph Hill and Mr. and Mrs. William English, Mr. and Mrs. John F. Byrd and daughter Joenia and Mr. and Mrs. John O. Hill.

COMPANY ENJOYS PROSPEROUS YEAR

Continued from Page One
phones which can not be filled. An order of last November 1 has never been received.

Included in the additions to the system during the year are land, a building, switchboard, telephones, cable, poles, wire and other material used in building the Glenwood exchange and telephones added to the Rushville and Milroy exchanges.

The value of the additions to the system during the year can not be counted as net earnings, the manager sets forth in his report, because the actual net earnings were \$7,460.42, and the balance used in improving the system, \$7,099 was borrowed from the sum set aside during the year for depreciation and can not properly be called a net earning.

FILM NETS \$32 FOR SCHOOLS

"Alice in Wonderland," a feature film based on the story of the same name, netted \$32 for a child welfare fund which is being raised in the schools. The picture was shown to the school children in the afternoon at the Graham Annex and at night to older people.

LAPORTE SHOWS INCREASE

Washington, April 10.—The census bureau announced the following 1920 population for Laporte, Ind.: 15,156, an increase of 4,633 or 44 percent since 1910.

Flight Of Cherry Cocktail To Bodice

By MARGARET ROHE
(Written for United Press.)

New York, April 10.—Of course the really proper and logical place for a perfectly good red cherry is in a Manhattan cocktail but since its natural habitat has been Puritanically and cruelly taken away, it is leading and altogether artificial life as a part of sartorial decoration. Oh, how it longs for the good old days when it went in for interior decoration instead. But one must now gather one's cherries how and where one may and they are found these benighted days brightening up the glass of fashion in lieu of cocktail glass.

Indeed, cherries ripe form an important and decorative part of the summer girl's wardrobe. In every form of sartorial art they are found on hat, on frock, on mouchoir, lingerie, and hose. Appliqued, beaded, embroidered, painted, printed, and in realistic replicas of the living fruit they flatter their bright splashes of red roundness over the surface of the smartest summer styles.

A charming yellow Swiss embroidered in natural tinted cherries combined with the plain yellow material is quaint and original. It flattered its fruity frills in a smart Fifth Avenue window and almost stopped the traffic for the crowds of adoring females clustered before it. It was made with a close, almost sleeveless bodice of the cherry figured stuff with a panniered overskirt of the same while a short frilled underskirt showed heelw and a bias fold of the plain yellow finished the round neck and a cherry colored picot ribbon narrowly tied round the waist.

An adorable navy taffeta, also a bouffant model, is piped with a narrow finish of cerise taffeta at every conceivable edge, even around the scalloped edges of its short full skirt, and shows a cluster of cerise taffeta cherries and green taffeta leaves applied at the left of the bodice and another splashy bunch at the low right front of the skirt. Yet another navy taffeta with a cerise Georgette panel from the round neck to the hem of the skirt has just a bunch of artificial cherries at the girdle. Navy and cerise by the way are a favored combination.

Girlish little organdie and Georgette frocks have all over printed motifs of the cherry outlined in beads on a white or beige ground and are otherwise untrimmied save for the self draperies and girdles of cherry ribbon.

The cherry that grows on the summer chapeau is a bit more heady than the frock fruits. It goes in for weird and futuristic colorings and spurns almost completely even a bowing acquaintance with nature. In clusters of jade green, orange, bright purple or blue it bobs in clusters at the back of a vivid hued grass cloth turban or else dangles a bunch of brightness over each ear.

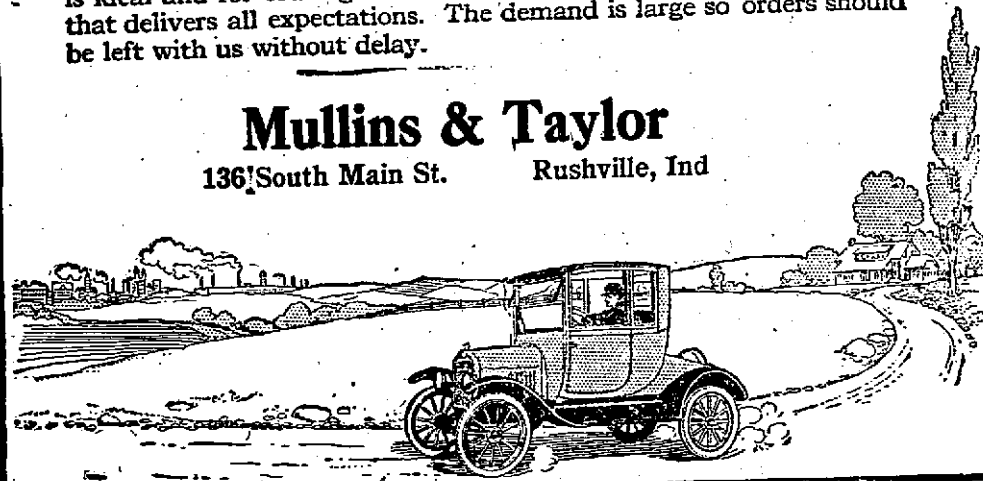

Large hats of colored or black hair grow cherries all around their

Here's the Ford Coupe, deservedly a very popular motor car because of its all-round serviceability. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires front and rear. Large plate glass windows. Generous sized doors—roomy seat, upholstery deep and substantial. Dust-proof and water-proof. Breezy and cheery in fine weather, cozy and dry in bad weather. All the established Ford merits of dependability, with small cost for operation and upkeep. For business and professional men who drive it is ideal and for touring and other pleasure driving it is the one car that delivers all expectations. The demand is large so orders should be left with us without delay.

LOCAL BOY TO OVERSEE BUILDING AUDITORIUM

Warne Carmichael Will Superintend Construction of New Building at Winona

SITE IS BEING PREPARED

Warne Carmichael, son of Mrs. J. R. Carmichael of this city, will superintend the erection of the new auditorium at Winona Lake, according to the following from the Warsaw Union:

Under the direction of Warne Carmichael, as local superintendent in charge, work in the big Winona Auditorium is starting today. The site is being prepared, that is the building lines are being staked out, after which work starts immediately on removing the stumps, trees and old buildings. It is expected that the site will be fully prepared within the week—so that concrete work may be started some time next week sure.

The steel work is now being fabricated and it is the plan of the committee to have steel erecting started during the early part of May. The building must be ready for occupancy in midsummer. There is no certainty that all walls will be completed and that the floor will be laid. Permanency of construction demands that the concrete floor be not laid too soon. In fact a better building will be guaranteed, should this year's construction be confined to the absolutely necessary parts—namely the footings, steel work, roof and platform. Great meetings can be held in such a structure during this year, and the building had best be completed after the ground has been well settled.

crowns, or else boast only one gay bunch at the edge of the brim on top and another close to the head beneath the brim.

Fascinating sets of lingerie, the chemise, camisole and short drawers of flesh tinted crepe de chine or Georgette bear applied or embroidered cherries in clusters of two or three over the heart and above the knee.

Taffeta parasols with bags to match have applied or beaded bunches of the favored fruit and gay handkerchiefs with cherry colored borders bear tiny embroidered ones in every corner.

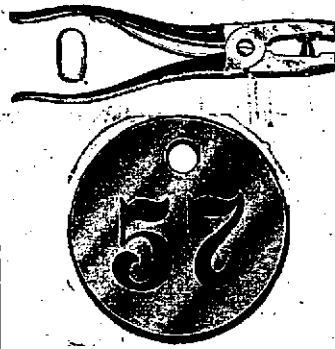

So Fashion intends to cherish the cherry, and tantalize us by preserving it in the motifs of the mode instead of alcohol.

POLICE IN NEW UNIFORMS

The city police force appeared today in new uniforms, complete with new hats, wreaths, brass buttons in everything. The police had originally intended to make their debut on Easter, but because of the stormy weather, today was picked out as the right time to make their appearance.

the home of E. A. Ball, 831 North
Oliver street.

+Services at the United Brethren
church corner of Seventh and Ar-
thur streets, will be as follows on
Sunday: Sunday school at 9:30, Ray
Edwards, superintendent; preaching
morning at 10:30 and evening at
7:30 o'clock. The meetings that were
planned to begin Sunday night will
be postponed for a week on account
of the illness of the evangelist that
will have charge of the meetings.

+Arlington Methodist—Bible
school, 9:30 a. m., evangelistic ser-
vices, 10:30 a. m. At 2:30 p. m.
Mrs. Ross will hold the last special
meeting for women and girls. Sub-
ject "Wages." This will close the
work of the evangelists, Prof. H.
M. Ross and his wife. Everybody
should witness the exercises on Sat-
urday evening by the children of the
Sunshine chorus.

+First Presbyterian church—
Sabbath a helpful day in this church
with services as follows: Bible
school, 9:30. Morning Worship,
10:30. sermon, "How May The
World Know That I am a Chris-
tian?" Evening service, 7:30, ser-
mon, "The Christ of Certainty." All
are cordially invited to meet with
this church. For these services and
help make them profitable.

+St. Paul's M. E. church—Sun-
day school at 9:30 a. m. in charge
of Supt. Gates Ketcham. Morning
worship with sermon by the pastor
at 10:30 on the theme, "The Stoning
of Stephen." Special music by the
choir. Junior League at 2:30 and
Epworth League devotional hour at
6:30; Evening evangelistic service at
7:30, pastor's sermon topic, "A
Snowy Day." Prayer meeting Thurs-
day evening at 7:30 led by the pas-
tor. All are cordially invited to at-
tend each of these services.

+First Baptist church Sunday
services—Bible school at 9:30 and
public worship at 10:45 a. m. and
7:30 p. m. Subject for the morning
sermon, "For the Lord's Sake."
Theme for the evening hour, "The
Prepared Field." Some of our Min-
isters will speak at both the morn-
ing and evening services. The New
World Movement is the important
question of the hour. A photograph
of each member of the church will
be shown at the morning service.
The general public is invited to all
services.

+Salvation Army—Y. P. L. meet-
ing tonight at 8 o'clock and open air
meeting Saturday evening at 7:30.
Sunday morning, Holiness meeting;
company meeting, 2 p. m., Envoy
Gipson leader; 3:15 p. m., praise
meeting; 6:45, march; 7:30, big
salvation meeting, subject "Who
Will Roll Us Away the Stone?"
Monday night at 7:30 the Life Sav-
ing Guard will meet at the church.
Tuesday evening, praise meeting;
Wednesday evening, corps cadet
night; Thursday evening, Holiness
meeting, and Friday evening, Young
Peoples Meeting.

+The Unified service of the Main
Street Christian church commences
at 10 o'clock with one hour for
Bible study. At the preaching period
the pastor will speak on "The Stone
Man" and at 7:30 on "Voices From
Heaven." All members of the Cen-
tury class are requested to report
their intentions of attending the
banquet on Wednesday evening,
April 14. The Thursday evening ser-
vice will be in charge of the Loyal
Daughters class with Mrs. Scott
Hosier as leader, Mrs. Glen Foster soloist.
Orchestra and chorus choir at the
Sunday evening service.

+At the First United Presbyter-
ian church, the Bible school will
meet at 9:30. There will be public
worship and preaching at 10:45.
Sermon subject, "The World of To-
day and Its Need." The Young Peo-
ple will meet at 6:30, leader, Miss
Mabel Jessup. At 7:30 the pastor
will give a stereopticon lecture,
which is one of a series used in the
New World Movement, campaign.
The lecture will present the facts in
connection with the survey of the
United Presbyterian fields, both at
home and abroad, and is entitled
"The Challenge of the Facts." Con-
gregational prayer meeting Thurs-
day evening at 7:30. All are invited
to these services.

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

Skillful Work without Skilled Labor

Plasterers hard to get? Skilled
labor scarce? No need to hold
up your new building, repairing,
or remodeling on this account.
Build better walls and ceilings with
sturdy panels of Beaver Board.
Do the work with hammer, saw,
and nails. These big lumber pan-
els will never crack or fall, and
after they are painted and deco-
rated they can be easily washed
with soap and water. They are
permanent, too, for Beaver Board
lasts as long as the building.
Beaver Board is always carried in
stock by us. Ask us for free
literature and prices. We deliver
it, of course.

Reports of Smuggling Booze From U. S. to Mexico to Supplant Muniton as Contraband Trouble

TO SUPPRESS THIS PRACTICE

Enriquez Says "Make the Border Dry, The Mexican as Well as The American Side"

(By United Press.)

Mexico City, Mar. 31 (By Mail)—Mexico's embarrassing position—that of having a dry neighbor to the north of her has no end of worries. Reports of smuggling difficulties continue, booze threatening to supplant the place of arms and munitions as source of contraband trouble. The latest American complaint, instead of coming from the border, is voiced by the officials of Galveston, New Orleans and other Gulf ports. Sailors on tankers and other steamers from Mexico, they declare, are acting as 'booze agents' and are carrying liquor across the gang plank when they are granted shore leave.

Mexican authorities have been asked to co-operate with the Americans in suppressing this practice, so that henceforth, according to an announcement made here today, every effort will be made to strip Mexican sailors of bottled goods before they leave home ports for the United States.

Fear is expressed here, following the receipt of communications from Mexican consuls in the United States, that the producers of wood alcohol and other forms of pseudo-whiskey in the States, hard pressed by American federal authorities, will attempt to dispose of their fake stocks in Mexico and other Latin-American countries. The Mexicans don't want these bogus goods—they have plenty of the genuine article—so the border and port authorities have been instructed to maintain a sharp lookout for anything that smacks of imitation booze.

General Ignacio Enriquez, head of the Social Defense League, in Chihuahua and candidate for the governorship of that border state, offers a remedy for the international booze problem.

"Make the border dry," says Enriquez, "the Mexican as well as the American side." Whereupon violent protests are heard, both from Mexican and American sources.

"It is a blow to my pride as a Mexican," Enriquez says, "that Americans should look upon Mexico as a place where their worst vices may be satisfied. I am not a teetotaler, but if I become governor of Chihuahua, every saloon, gambling den and house of prostitution on the Chihuahua border will be closed." Enriquez is a graduate of the University of Illinois.

WILL OF MARY POLK ADMITTED TO PROBATE

Testament Provides For Bequests to Knightstown Churches, Lodges and Societies

REMAINDER GOES TO HEIRS.

The last will and testament of the late Mary Wilkinson Polk of Knightstown has been admitted to probate in the Henry circuit court at Newcastle and provides for bequests to Knightstown churches, lodges and societies and a perpetual vase of flowers in memory of her former husband, J. H. Wilkinson.

By the will the Presbyterian church of Knightstown gets the sum of \$200, but a codicil shows this to have been paid and the bequest cancelled. Odd Fellows lodge No. 99, of Knightstown, receives \$200 for the care fund of Glen Cove cemetery, the income to be used for flowers for the vase on the Wilkinson lot and for the renewal of the vase when necessary.

The Home Missionary society of the Friends church receives \$100; the Friends church of Knightstown \$200; the Daughters of Rebekah of Knightstown \$200. To her nephew, William H. Lewis, she gives \$5, with the explanation that he has already received a share of her bounty.

The remainder of the estate is to be divided among the lawful heirs according to law. A codicil appended March 5, 1920, provides that should her husband or her niece, Mrs. Pearl Taylor, survive her, they or either are to receive during life the use of and profits from the property in Knightstown. As she survived her husband by a few hours the codicil evidently applies alone to Mrs. Taylor.

DIRT

Every housewife dreads dirt more than anything else. Dirty rugs, carpets and portieres cause much worry when housecleaning, season approaches.

As a portion of our business much time is devoted in the art and skill of cleansing, scouring and dusting rugs and other household effects.

It will be a pleasure to call at your house for the heavy work during this season. Reputation for garment cleaning makes it a known fact of our supremacy in other cleaning.

URGES SPORTSMEN CATCH PARENT BASS

Conservation Department is Anxious to Get Certain Kinds of Bass For Future Supply

MUST BE CAUGHT BY HOOK

Indianapolis, Ind., April 10.—Richard Lieber, director of the department of conservation, appeals to sportsmen and sportsmen's clubs in Indiana to catch parent bass and other game fish and send them to the state fish hatcheries, in order that fingerlings for stocking streams may be augmented. The department makes it plain that only fish taken legitimately—that is with hook and line—are desired. Fish thus taken will be called for, if necessary, within a radius of 25 miles and transferred to the state's hatcheries at the department's expense. The state hatcheries are located at Riverside, Indianapolis; Lake, Wawasee, Syracuse; Tri-Lakes, Columbia City, and Bass Lake, Knox. Parent fish are not needed at Tri-Lakes and the species of fish wanted at the other hatcheries are small-mouth black bass, crappie and rock bass at the central station, Indianapolis; largemouth black bass and blue gills at Wawasee; and small-mouth black bass at Bass Lake.

George N. Mannfeld, superintendent of the division of fish and game, points out that the season best suited for taking these parent sport fish is now at hand, and emphasizes the fact that utility of the hatcheries can be greatly increased by such co-operation on the part of Hoosier sportsmen. He says strenuous efforts will be made this spring and summer toward augmenting aquatic life in Hoosier waters by the liberal stocking of streams from the state hatcheries, rescue of fish from overflowed lands during flood periods and from lowlands when summer droughts dry up many shallow pools. More fish are lost annually in Indiana during flood times than there are fingerlings produced in ten average-sized hatcheries. Therefore it is of vital importance when streams overflow and lowlands are inundated, that the Division of Fish and Game be notified in order that men can be sent to rescue the imperiled fish.

60 PERCENT FIT TO PLANT

Total of 5,421 Ears of Seed Corn Tested by County Agent

Another bunch of seed corn being tested at the county agent's office in the court house has been taken off, and shows a higher average of good seed than seed previously tested.

The last lot made a total of 5,421 ears which have been tested by the county agent this spring. Out of the total number of ears tested, 281 per cent has been found diseased and ten per cent was eliminated due to poor germination which means that approximately sixty per cent has been found fit to plant. This is about the same average that exists elsewhere in the state, according to the county agent, Donald Ball.

THIS IS FERNDOLL WEEK

At Our Store

A Special Saleslady from the Sprague Warner Company is with us taking orders for next fall delivery of our well known Ferndell food products.

Last year our customers saved from 5 to 50 percent on their orders given the saleslady and we predict substantial savings again this year. In any event you cannot lose, for our prices are guaranteed and if prices should decline before delivery the customers will be given the benefit.
